Reviews

Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

Createspace Independent Publishing Platform, United States, 2010. Paperback. Condition: New. Language: English. Brand new Book. Ledo has discovered the secret of the ages, the astrology code of the Bible. Many of the stories in the Bible play out in the constellations. Anyone who has read the work of E.W. Bullinger's "The Witness of the Stars" is familiar with how the Bible relates to the constellations. Bullinger's work concentrated mostly on the New Testament. His work is mostly concerned on the Old Testament. There are New Testament comparisons. This book is part of a larger work, "On Earth as it is in Heaven, The Cosmic Roots of the Bible." The subject matter is arranged differently in this book, listing by constellations instead of stories. In addition to curious believers, this book would be of interest to astronomers as a field guide in locating Bible stories in God's heavens.
